

My Health is *sexy*

Take care of you for me

One in four people who are living with HIV don't know it

- » Knowing your HIV status is sexy. It's an important part of a healthy sex life and a good relationship.
- » Being responsible for your own health builds stronger communities.
- » Treatment is available at no cost and can suppress the virus, prevent transmission, and help people live long and healthy lives.
- » Health outreach nurses are available across the region to provide discreet and confidential HIV testing. They can meet you wherever you are.

Find out more about
HIV and where to get
confidential testing at:
